

Top 5 Resources for Billing Medicare Annual Wellness Visits G0438

Guide on How to Bill G0438 and G0439

Have you been struggling billing Annual Wellness Visits? Having trouble finding the right information online all in one place?

There is a lot of confusion out there on how to properly bill Annual Wellness Visits (AWV) **G0438** and **G0439**. We get a lot of questions from other practices on how to bill the AWV and what is included.

Some practices are performing a full routine physical exam, which is not an Annual Wellness Visit. Others do not know what questions they must ask or the documentation requirements in order to even be able to bill a G0438 or G0439. If there is an audit, you may have to pay back thousands of dollars to Medicare.

So to train our billers and help us advise the medical practices we service, we have come up with a list of resources from Medicare that we use internally at our billing company.
